

Proposed Order of CAR Business Tuesday 2 May

Below is the proposed order of business for the CAR-Related Discussions and Decisions sessions. See the motion list posted in the Portal (www.worldna.org) and on the conference page (www.na.org/conference) for the text of each motion.

Be aware that the Cofacilitators may change the order of business depending on how the sessions are going and the timing needs of the session. They will announce any changes.

The items in red are *FIPT* motions, for which only regional delegates are the legal decision makers. The indented items with an “a” in the number are amendments. If a main motion has consensus in the initial straw poll, the body can opt to decide on the main motion without entertaining any amendments if participants wish.
